

WHAT IS THE IGEL COMMUNITY?

IGEL Community is the confluence of some of the greatest minds in the EUC space talking about how the best endpoint edge OS in the industry – IGEL, is changing the industry and helping customers get future ready!

Join Now at <http://join.igelcommunity.com/>

IMPORTANCE:

IGEL Community,

- Is your Gateway to IGEL
- Gives you a sneak peek to all things IGEL
- Is where you learn about new developments FIRST
- Is where you can get questions answered from IGEL Customers/Engineers/Experts

IDEAL DESTINATION:

IGEL Community is the Ideal Destination/ Junction where you can discuss Solutions, Problems and Ideas with Customers, Architects and Engineers from across the globe.

- Have a new idea about IGEL? - Come to IGEL Community
- Want a new feature? - Come to IGEL Community
- Want to hear from our Engineers - Meet them on IGEL Community
- Want to hear from our Customers - Talk to them on IGEL Community

WHAT OUR MEMBERS SAY:

“Just wanted to reach out to say thank you to everyone in this community. **Every single issue** that we have had during our rollout has been solved due to either direct “do this” types of response or an indirect find based on the advice of where to look next. Sometimes I just scroll through the questions and comments to **learn how to accomplish things I didn't even know I needed to know**. So cool. Thanks to all of you. I truly love IGEL, and this community is fantastic.”

-Zachary Sholar – Team Lead – Client Systems at Kindred Healthcare.
